

Drawing Solutions: How Visual Goal Setting Will Change Your Life

Patti Dobrowolski

The odds against you making change in your life are **9 to 1 – against it!** *This interactive presentation will show you how to beat those odds.* Learn a simple, visual, goal-setting process that you can immediately use to help you, or your team or clients, turn *vision (what you daydream about being or doing) into reality.* In this hands-on session, author, TEDx speaker and comic performer **Patti Dobrowolski** will show you how to train that unruly brain to stay focused and achieve your goals. You will leave with your own drawing of your future that you can build upon each week to bring about the things you desire. See how a simple picture can help you change your life, and you don't even need to know how to draw.

10 of Patti's *Drawing Solutions How Visual Goal Setting Will Change Your Life* books will be given away to attendees!
